#### STUDENT COUNCIL REPORT by Robert Hemmerich

This column has been born so that all of you can get some idea of what student council is doing for you - it's only fair - we're working for you. Activities coming up:

- School Spirit Week - we're going on a drive to pick up some support for our Trojan teams. Pep rallies and prizes given out at the games to the fans will highlight this week. Get out and support your school teams they'd appreciate it!
- Valentine's Day Dance - the Social Committee is hard at work on this one to make it its usual success.
- Carnival - Second week of March - Highlighted by Memorial hockey game and our annual Variety Show. (Maybe - just maybe - we'll have a rock concert at P.C.) - date to be determined
- Money spent on: Stereo system (Grad Lounge) \$1000 +

That's all for now. Any comments, suggestions or whatever can be sent to the Student Council mailbox located upstairs, in the Admin Offices. (Ask around)

#### P C HEADBANGERS MAKE IT AS ROCK STARS !

Those of you who were unfortunate to miss our school's amazing heavy metal duo of Paul R. and Steven Thibeault surely missed a rare treat. The amazing duo practiced forty hours for a concert that lasted approximately forty minutes. The group who were members of other bands in the past were able to supply their own instruments. The group played a total of eleven songs. Six of the songs were from cover albums and five were compositions of their own. Their concert was a success and should you ever in any way get a chance to see them perform, we know you'll hate yourself if you miss it.

#### P C STUDENTS GO FROM AMATEUR WRESTLERS TO WORLD CHAMPIONS OVERNIGHT !

Philip Ouimet and the P.C. Wrestling team have always strived to make our school number one in the sport of wrestling. This year, the team saw it's goal and went for it with full force. The team has an excellent coach who has been training Phil and the team to be successful. P.C. has made it into first place of all the school tournaments. P.C. has an excellent chance of entering the provincials with the hard training of Anthony Merlo and Derek Pio Rollo who is one of the prize medal winners says, "We are going to ace the next tournament coming two weeks from now." Last weekend they won the most medals at the Riverdale tournament and say it couldn't have been accomplished without the coach Derek Mueller and the superb ability of Anthony Merlo.

#### FLAMINGO BEAUTY CONTEST TIDES HAVE TURNED !

Last week, after we announced that ballots for the beauty contest could still be sent to room 2242, our office was suddenly flooded with ballots from people who forgot to send them in. It will take us time to count them so the results will have to be postponed until a future issue.

#### JOKE OF THE WEEK

by Chris Markou and Saundro Ferraro

One day, two convicts decided to escape from a prison. They plan the escape at night. The smart convict says, "If there is a high fence, we'll have to climb it and if there is a low fence then we will have to jump it." The dumb convict says, "What are we going to do if there is no fence?"
